The screenshot shows a software window titled "Bill Entry with VAT". It contains several input fields and buttons for managing a bill. At the top, there are fields for "Bill No.:", "Date:" (08/06/2008), "Time:", "Capt/wtr:", and a "Parcel" checkbox. Below these are "Trend:", "Table:", "Customer:", and "Pax:" (1) fields. A row of buttons includes "Add", "Save", "Cancel", and "Open Tables". The "Bill Details" section features a table with columns for "Category", "Menu", "Rate", "Quantity", and "Total", with a "Save" button to the right. Below this is a larger table with columns "MenuName", "Price", "Qty", and "Total". To the right of the tables, there are summary fields: "Total : 0", "Discount: Com 0", "VAT: Com", "Ser. Tax: Co", and "Grand Total 0". At the bottom, there are buttons for "Bill", "Cash", "Card", "Cheque", "Room Pay", "Credit", and "Close". There are also checkboxes for "Current KOT" and "All KOTs of bill", and a "Direct Bill Print" checkbox.
